Intended use

Filtration of supply air and/or exhaust air in ventilation systems.

Approval

The products satisfy the requirements set forth in chapter 8, 4 § 3 PBL, in respect to and under conditions stated in this certificate, and are therefore approved in accordance with the provisions of the following sections of Boverket Building Regulations (BBR):

Materials	6:11
Properties of air supplied to rooms	6:22

The products have also been assessed against the requirements according to certification rule CR 055 and meet these requirements.

Associated documents

Camfil, Bag filters, Handling and maintenance instruction, version 2021-11-09.

Factory production control

The factory production control (FPC) is monitored by an independent inspection body.
Control agreement: Reference No. 210-97-0013, Inspection body: RISE

When the building proprietor performs inspection at the building site markings shall be checked to ensure that the correct products have been supplied and that they are used in accordance with the conditions in this approval and associated documents.

Marking

The products are to be marked at the factory. The marking consists of a label on every product supplied and includes:

Holder/Distributor	Camfil
Manufacturing places	Trosa, Sweden, Levice, Slovakia
Product type designation	HI-Flo XLT, XLS, HI-Flo + <i>article no. + model name</i>
Consecutive manufacture no./date of production	<i>Prodid and date</i>
Certificate number	150301-04
Properties	ePM ₁₀ 60%
P-mark	
Certification body /and Inspection body	RISE

Basis for approval

Report 1249349C, report 1265062A, report AO-0015927 and report AO-0019822 from RISE.
Product description of air filters in the product family dated 2024-09-26.

Validity

Valid through 2029-10-18.

The validity of this certificate can be verified at RISE homepage. This edition of the certificate replaces previous editions.
